

H1N1 Vaccine Location Information

Information updated weekly
Last Updated: **03/08/2010**

FREE VACCINE AVAILABLE THROUGHOUT LANE COUNTY

H1N1 flu vaccine is widely available throughout the region and open to anyone over 6 months of age. Lane County Public Health continues to offer FREE walk-in vaccine opportunities, and now has an agreement in place for many pharmacies to offer the vaccine free of charge. To get a free vaccine at a local pharmacy, people must be 15 years old or over, and be uninsured or have insurance that does not cover the vaccine. Be sure to ask your pharmacy if they have free H1N1 vaccine available. A full list of locations where vaccine is **available free** is posted below.

Lane County Public Health continues urging everyone to be vaccinated as soon as possible. The H1N1 flu, unlike the seasonal flu, has hit young people, children, and adults under 65 especially hard, and that is why we encourage you to get the H1N1 vaccine at one of the many convenient locations listed here. Right now is a great time to get vaccinated and help reduce or even prevent another wave of influenza, especially because flu season can last until May. H1N1 flu vaccine is a safe, effective and affordable method of protecting yourself and your family from the H1N1 flu.

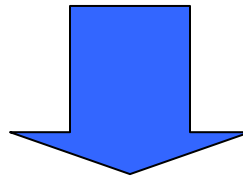

Please continue to take precautions to limit the spread of the disease by covering your coughs and sneezes, keeping hands clean by washing them or using alcohol-based sanitizer and staying home if you are sick, and for the best protection, **get vaccinated.**

For More Information:

Visit <http://www.lanecounty.org/H1N1>

Try the **Google Flu Shot Locator** tool for a map to the locations near you: <http://www.google.com/flushot>

Keep reading. Vaccine sites are listed beginning on Page 2 of this document.

[Where to Get Vaccinated](#)

Vaccine continues to be distributed locally through our network of partners, listed in the pages that follow. We've divided our local partners that may have flu vaccines available this week into [Free and low-cost Community Vaccination Sites](#), [Low cost Community Sites](#), and [Doctors/Clinics](#).

FREE AND LOW COST COMMUNITY VACCINATION SITES:

These sites offer access to vaccine at a low cost and have free vaccine available. Hours, dates and locations are listed below. Read each provider's notes for more details. Please note that *pharmacies can only offer vaccine to people that are 15 years old and over*. Walk-in limited time events are listed first.
