OF E-MAIL GROUP**

DETAILS:

Sheriff Russ Burger announced today that the Lane County Sheriff's Office is in the process of creating an e-mail group of interested parties to allow for direct information sharing with the public.

The creation of this e-mail group will allow the Sheriff's Office to distribute press releases, newsletters, and other important information directly to individual e-mail accounts. Many of these items can also be found directly on the Sheriff's Office web site at:

The Sheriff's Office views this as an opportunity to share information first-hand, and distribute it direct to citizens via this email distribution list.

For those interested in being included to the group e-mail distribution list, please send an email request to:

sheriff.info@co.lane.or.us.

You can also call and leave a voice message at 682-6444.
