**NATURE OF STORY: FOREST WORK CAMP ASSISTS WITH
THANKSGIVING DINNER**

**MEDIA VISUAL AND INTERVIEW OPPORTUNITY AT THE FWC
MONDAY NOVEMBER 19 AT 11:00 AM (Directions to the FWC below)**

DETAILS:

Inmates housed at the Lane County Forest Work Camp (FWC) will once again be assisting with the local Whiteaker Neighborhood Thanksgiving Dinner. The inmates prepared 2000 deserts for this year's event.

FWC staff and inmates have been working on this project for about three weeks. A considerable amount of prep and prepare time went into making this happen.

The FWC has been participating in this event for several years. Some local and area businesses donated most of the baking goods. The FWC donated the inmate labor to prepare these deserts.

Donations to this project were received from McDonalds Wholesale, Pendleton Flour, and Sysco Wholesale.

Inmates assigned to work in the FWC kitchen have the opportunity to participate in an apprenticeship program through Lane Community College. They can obtain a food handler's card during this time as well. Those inmates aspiring to continue in this field once released from custody can register and continue on in the Culinary Arts program at LCC.
